

WTA COURSE

25-27 MARCH

Excellent class for all law enforcement, regardless of rank or position.

Skills can be utilized in real life settings and every police situation.

Would recommend this course for civilians as well.

THIS IS TRAINING WITH REAL WORLD
APPLICATION AND SHOULD BE TAUGHT IN
POLICE ACADEMIES. NOTHING IS MORE IMPORTANT
THAN ENSURING THE SAFETY OF YOUR FELLOW
OFFICERS AND YOURSELF AND THAT IS WHY
THIS TRAINING IS SO VALUABLE. THANKS TO
DANNY, MATT & MARCY FOR A VERY
INFORMATIVE THREE DAYS.

PATTI DALTON

Danny introduces age old principles of fighting into an innovative, contemporary approach of combatives in modern Law Enforcement. I was given multiple, tested and validated tools that inspire further application and accommodate any aspect of Police Work. Danny Halligan's course in Hand to Hand Combatives is a ~~great~~ solid investment in any warrior's total future and well being.

TECHNIQUES ARE VERY APPLICABLE
TO LAW ENFORCEMENT TECHNIQUES
SEEM TO WORK NO MATTER HOW BIG OR
SMALL PERSON IS. OF PHYSICAL SHAPE.

POLICE TRAINING TRADITIONALLY EMPHASIZES THE REACTION TO AN AGGRESSOR, OPPOSED TO ACTING AGAINST AN AGGRESSOR. THE BEST PART OF THE CLASS IS THAT IT EMPHASIZES INFLECTING AS MUCH DAMAGE AS POSSIBLE ON THE BAD GUY, INSTEAD OF MINIMIZING THE DAMAGE INFLECTED ON US.

FIGHTING IS DIFFERENT THAN DEFENDING. DEFENDING IS WHAT GET COPS HURT. I'M LOOKING FORWARD TO TAKING THE CLASS AGAIN, ONCE I'VE GOTTEN THE BASICS TO BE MUSCLES MEMORY BECAUSE THERE'S SO MUCH MORE TO PICK UP.

The skills and concepts taught in this course are honestly the most realistic and applicable for ~~the~~ street encounters. When speed and power are what you need to win the battle these moves are the answer. You will learn how to fight smarter instead of harder and become a viable threat to those who challenge you. Take this course and find what you've been missing in the other hard to hand training courses. Forget what you've learned previously and learn what Danny teaches.

THIS CLASS WAS VERY USEFUL AND TOTALLY
CHANGED MY PERSPECTIVE ON WHAT EFFECTIVE
FIGHTING IS. IT CHANGED MY VIEW ~~ON~~ FROM
SELF DEFENSE TO SELF OFFENSE. VERY PRACTICAL
AND EFFECTIVE TOOLS REGARDLESS OF SIZE +
SHAPE + GENDER.

Hands on real life training. Whatever
your size or ability class is beneficial.
Wish agencies focused more time
on hand to hand combat. Crucial
to our job.

- MORE REPETITIONS
- POSSIBLY USING A POWERPOINT FIRST TO SHOW TECHNIQUES
- POSSIBLY USING PHOTOGRAPHS DEMONSTRATING TECHNIQUES
- MORE DETAILED EXPLANATION OF HOW THE TECHNIQUES AND BODY MECHANICS

Karen Bartuch

This class is superior to all other hard to hand combatives courses I have attended, especially since I am smaller in stature & strength than most of our "customers".

The skills learned are undoubtedly effective & will be very useful, even life-saving while on the street.

The "offensive" nature of all of the skills taught is essential, crucial & long overdue for LE. We not only want to survive but prevail.

WTA 4 EVA.

Danny, Marty, + Matt

This class by FAR taught me
that speed helps me better than
muscle force, they made hurt feel
good. Being a female I feel & know
I can take on any force by
male or female and be prepared
for the fight
